

METROPOLIS

A photograph of a silver tray holding several white plates, each with a slice of multi-layered wedding cake. The cake has white frosting and visible layers of cake and filling. Some slices have a small dollop of red jam on top. A hand is visible in the bottom left corner, holding the edge of the tray. The background is dark and out of focus, showing what appears to be a person in a white dress.

LIFE DESERVES TO BE *CELEBRATED*

At Metropolis, private celebrations are treated with the same level of care, precision and genuine warmth as our most grand events - because the moments that matter most deserve a setting that rises to meet them.

Perched above the Yarra River in the heart of Melbourne's Southbank, Metropolis is a venue where the setting becomes part of the experience.

With two distinct spaces, each with their own entrance, and a flexible layout that adapts beautifully from intimate gatherings to full-scale celebrations, Metropolis shapes itself around your vision - not the other way around.

Whatever the occasion. Whoever the guest of honour. This is where Melbourne celebrates.

Location

There is something about celebrating in the city that makes every occasion feel a little more special.

Metropolis sits above the Southgate Precinct - moments from Melbourne's CBD, a short walk from Flinders Street Station and directly above all-day parking. Getting there is easy, for guests arriving from across the city or from interstate.

And when the celebration is over, the night doesn't have to be. Some of Melbourne's finest hotels are just steps from our doors, so your guests can stay close, rest well and reminisce a little longer.

Our terrace has become one of the city's most sought-after backdrops. Whether you're planning an intimate proposal with just the two of you or something a little more elaborate, our team will help you create a moment that neither of you will ever forget.

From a private table dressed for the occasion to a fully styled terrace experience, we handle every detail - so all you have to think about is the question.
